

# Art day Out *NEWS*

## Nudie Day with Kirsty Humphrys

was absolutely fantastic! As you will see from a few of the many photos taken on the day, everyone had a fun filled day and produced some amazing drawings and paintings. We thank you Kirsty for all your helpful advice and patience and look forward to repeating the experience later in the year.

Thanks also to the models who were happy to get their gear off even though it was a little chilly. We hope the heaters provided some relief.

Now, a few words from our budding artists on the day .....

### Sonja from Melbourne ...

"Thanks so much for a great "Art Day Out". The morning drawing session was challenging and rewarding. Kirsty was a great teacher – what a beautiful person! The afternoon was a hoot! My "**Simple Bush Woman**" was so pleased with the finishing touches. Thanks Ania. My partner and I are so pleased with our works of art and had such a great time too. See you again!!"

### Barbara from Brisbane ...

Nudie art day out is an experience I would recommend to everyone! With professional guidance from Kirsty and Ania, two nude models, a day of sketching and painting and a few glasses of vino it was bound to be great fun! All involved produced some fabulous sketches improving as the day went on. Can't wait for the next one!

**Lynn from Brisbane ...**

“Art Day Out is not just any day out! Creative fun with loads of laughs and something to treasure when you leave for home! Thanks so much for testing, challenging, guiding and giving me the best possible belly laugh. I’ll be back...”

**Jonathon from Melbourne ...**

“What a fantastic day! I’ve learned many tips on drawing and painting and best of all have had many laughs while doing it. Both teachers have been amazingly friendly and helpful (and a little crazy). Well worth the trip from Melbourne.”

**Deb from Brisbane ...**

“What a great day! I have a stressful life at the moment so today was such a godsend! I am relaxed and happy, plus taking home a fabulous painting and lots of new knowledge! Kirsty taught me so much and as usual Ania was a hoot! What a lovely environment to paint in. Will be back!”

**Steve from Brisbane...**

“Never having painted anything in my life Art Day Out was both challenging and fun. Our teachers’ enthusiasm for our work seemed to increase as the day wore on which I think had more to do with the wine they served than the quality of our work. Regardless of “why”, the experience was very positive and well worth repeating.”

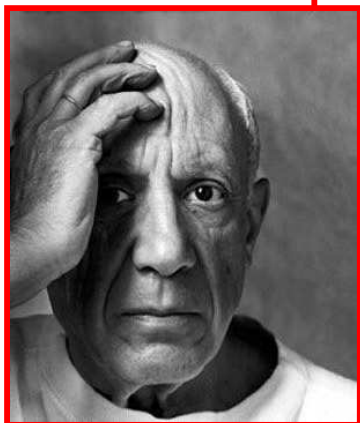

We will be having another Life Drawing Day (later in the year when the weather is warmer).

Kirsty holds one on one drawing sessions – for further info contact her via email

## Picasso and His Collection

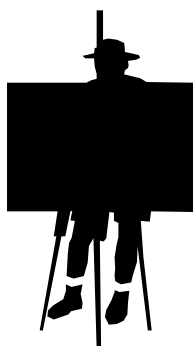

Showcasing pieces of art Picasso collected, how he acquired them and the influence they had on his own work. Picasso's paintings and drawings are a large feature of the exhibition, but they are among his collected pieces of work - including Matisse, Renoir, Miro and Dali

Gallery of Modern Art, Brisbane from until 14 September.

Let's celebrate Picasso in August with

guest

artist

**cubism**  
with  
**Leanne Carkeet**

16<sup>th</sup> August 2008

**Wikipedia** "**Cubism** was a 20th century art movement pioneered by Pablo Picasso and Georges Braque, that revolutionized European painting and sculpture, and inspired related movements in music and literature.

*In cubist artworks, objects are broken up, analyzed, and re-assembled in an abstracted form—instead of depicting objects from one viewpoint, the artist depicts the subject from a multitude of viewpoints to represent the subject in a greater context. Often the surfaces intersect at seemingly random angles, removing a coherent sense of depth. The background and object planes interpenetrate one another to create the shallow ambiguous space, one of cubism's distinct characteristics."*
